The Memphis Appeal

NOTES ON THE WAR.

BY J. P. P. The soldierly Leesburg correspondent of the APPEAL pays a melancholy tribute to the memory of the "unforgotten brave" of our army who bave failen in battle.

" With their bucks to the field and their feet to the fo that man holds dear on earth. It is grievous to the hands of the veriest mercenaries and Vandals any good source. that ever disgraced the uniform of a soldier. take a thousand slaughtered Hassians to appeare the manes of a single southern man falling upon the field of honor in defense of his altars and his for some days. United States about as much as exchange.

Ever cherished be the names and the gloriou memory of those who have poured out that blood in this struggle for the freedom and inde pendence of the South.

That many a shining head lies in its glory low,"

They shall have their praise ere long. And a power all hearts to sway in ever burn!

Ab ! never shall the land forget

How gashed the life-blood of her brave;
Gashed warm with hope and value yet,

Upon the soil they fought to save!

They never die who fall They never die who fall
in a great cause! The block may sisk their gree.
Their heads may sodden in the sun: their limbs
he strang to city gates and casele walls:
But still their spirst walks abroad. Though years

Trabeth's time—the immortal "deerbeen ordered home on the apprehension of difif the New York Times is c stealer "-in his rickety cock-loft, unconsciously reared, with a simple "gray-goose quill," a lation that the government and the banks of monument of fame loftier, fairer and more en-

The gallant defenders of the South pride themhono rable "rags." They glory, too, in the tionary war. The soldiers of Washington, to the subject. We can do so with the more safety from the fact that, taking this calculation within a few miles of where our "ragged" heroes first routed the well appointed legions of the North in the present war.

All filese are bright omens of the fluid success of our atmies. Indeed, such omens abound in

Every "ragged rebel" is a here in the fight; he fights to win-to die, if need be, and, with his blood, make the land fertile in heroes. In the rapture of the strife, he is transported with a generous rage; he mocketh at fear, and welcomes the glery of smiting down the most desperate

It is not too much to say that Lincoln's mes-

sage and Cameron's report, followed, as they have been, by corresponding action in the Abolition Congress now in session at Washington, have done the work of several Confederate vicof "alaves," have caused at least two of his heretofore most powerful supporters—the Missouri Republican and the Louisville Journal-to cry out in shame and disgust. The Journal boldly calls on all the officers of the Lincoln army to resign at once, in order to bring the President to his senses, and "save the republic." e ment pays the troops and contractors in pabull by the horns, and the despondent tone of the message, thinly valled by the patent lie that "the Union cause is steadily advancing southward," must also give a wonderful increase of strength to the peace party of the North, and that region, whom we are persuaded are not entirely "dead," but "only sleepeth." When to this is added the prospect of a very possible land at an early day, the grand trial of conclu-

them no material assistance for which we shall abilities of large issues of government paper, feeling has arisen between the commanding them to material assistance for which we shall should decide to suspend with their forty-two general and his division generals, and it is this:

mot pay a full consideration; but we are justly millions of coin in their vaults, and the whole general and his division generals, and it is this: millions of chin in their vaults, and the whole popular of that moral sil, founded on several presence sources, consequences, and the strength of their consequences, and the strength of the strength of their consequences, and the strength of thei does they will speedily come upon Columbus like evalunche; i. e., like a Yankes avaianche.

DECEMBER 12, 1861. SCRIPTURE:-The editor of the Union Dem.

om the St. Louis Republican.)

Except for pressing necessities, there is very ttle demand for eastern exchange, and those who hold it are indifferent about selling, under the common impression that drafts on New York | B may be returned discredited by reason of the suspension of coin payments by the banks at any hour. That the banks there are being depleted of their coin is admitted, and the only question for them to decide is, whether they will stop now or wait until they are exhausted by calls for gold to be hoarded by persons who think that it is at all times best to have some of in defense of their native land and of everything it about them. A report obtained some currence vesterday, that the banks of New York had ac think that these noble sons of the South fell by totally suspended, but it could not be traced to The nearest approach to i was a dispatch from New York, advising a corespondent here to draw for currency or some True, our hero-martyrs have ever sold their lives thing of that kind, anticipating clearly that coin at the rate of five or six for one; but it would payments might be suspended. Such checks as were drawn were sold at five per cent. premium Gold had no fixed value, those who held it decli ning to sell altegether, and so it will continue for some days. United States notes were worth

LOCAL MATTERS.

THURSDAY MORNING, DECEMBER 26. RETAKEN -Thos. Hardgraves, alias Ains ago, has been retaken.

Box Mor .- At a place of amusement in this ity, not long ago, a general-at-law, of the Shelcounty bar, was asked by a lady which por-Madam," he replied, "I like best the intermisdon of ten minutes." THANKS.-We had a visit last evening from

Col. Childs, of Gen. Price's staff, and Lieut. McCarthy, late of McDonald's company, who were among the exchanged prisoners lately so njustly detained and ungenerously treated at

wounded. Mr. Radford continues to fulfill the discountenance and forever oppose secusion, refunctions of steward, Mr. Brewster those of bellion and disintegration of the Federal Union streets yesterday afternoon. The wigon was government of the United States of America." verturned and fell partially on the driver, who,

was knocked down and hurt in the face and otherways, but no limbs were broken. A STEAMBOAT IMPROVEMENT. - Captain Landrum of the steamboat Peytona has intro luced a notable improvement on his elegant boat; that is an "indicator," such as is in use in hotels. Beside the soft spring beds in the ample staterooms hangs a bell cord, on pulling which the number of the room is shown in the office. and a servant immediately attends to such com-

mands as it is desired to give him. THE WORSHAM HOUSE .- It is with great Cox have re-leased the Worsham House. These gentlemen have been indefatigable in their atten- with victuals or ammunition, to knowingly harthe popularity of the house. They will make or correspond with them directly or indirectly. on which runs through the universe. Tope, in that spirit of sonseless egotism which continually, and new stores and marts of trade the popularity of the house. They will make When David, for the sins of himself and peo-induces the Americans, with their dwarf fleet are opened daily. Every nook and corner is occurred to the popularity of the house. They will make improvements in the interior that will add greatly to its comfort and convenience. The table of the Worsham is celebrated for its sumptuousness, and while Cox superintends that department, is bound to excel. We call attention to an advertisement of Messrs. Rambaut & Cox. in another column.

THE COL. MORGAN .- We gave the particulars yesterday of the loss of the steamboat Col. Mor gan, by capsizing, near the mouth of the St. Francis river. We learn by a communication from Mr. S. R. Simpson, engineer of the boat, that the portion of the passengers and crew that got ashore were hospitably taken in by the citi-A STANDING ARMY. got ashere were hospitably taken in by the cititwelve more of these propellers for the use of the

It has seven articles, of the fol- chinery is now being arranged for the purpose. is unique in character, and from this fact, as also from its accuracy of parts and adjustment, is very costly. We reserve for another issue a scription of the method of its operation. We were shown yesterday the component parts of one of the rifles, which had been neatly arranged in a cushioned case. They are seven-3. Persons desiring to do steamboat business ty-five in number; and each one of them requires separate machine for its turning out. The necessity of accurate machinery is hence manifest, without which the division of labor would be likely to prove a contly economy. The rifle, when put together, rarely needs modification. out of plank, and then turned by a lathe. The steel of which the barrel consists is im perted from Europe. It is calculated that after se first of January two hundred of the rifles can be turned out per day, furnishing employment to oine hundred men. The bayonets are

not made by Mr. Jenks. They were being made at the Mesers, Lawson's factory, in Germantown, prior to the destruction of that building by fire. which occurred a few weeks since. It is now being rebuilt, and the manufacture of the bayonets will be resumed in about two wreas. The works of the Messrs. Jenks are among the oot extensive in the State. They have been lo cated at Bridesburg since the year 1820. Previous to the breaking out of the rebellion, t eir illest capacities were devoted to the manufact will now be largely employed in turning out the munitions of war for months to come. The main building, some four handred feet in length, has been increased in dimensions by the addition of a stone building, thirty feet long, at its northern extremity.-Philadelphia Press.

Au Hour in the Springfield Arsenal. Now that so much attention is attracted all roughout the Northwest by the question as to the location of a national armory in this section. our readers will best learn for what a prize the several rival points are confending, from the notes fornished us by a correspondent in his late isit to the arsenal at Springfield, Massachusett The grounds occupy seventy-five acres. The number of buildings now erected is about (wenty, all of them brick, neatly and even handson nished, and from two to four stories in hight The total outlay for grounds, buildings and machinery, is not far from \$300,000. time, and right at home. And if a cannon founery is established in addition, the outlay will e aruch larger. The exclusive manufacture of

with the common shank bayonet. Nothing elso is made here—not even a cartridge or peccus Many people have an impression that the goverument gets large supplies of other materials from the armory, but it is not true, except that descriptions of ordnance stores, such as artillery horses and equipments, tools for battery wagons and forges, shovels, spades, picks, sewthes, axea s is probably three feet in the channel of many other articles, which are made and brandsource from Glasgow down, and the river ed for the "U. S. ordnance" department, by the dealers and manufacturers in the vicinity. amount of these articles thus furnished is immense, and as the government would require the same at an armory in the West, the trade that would thus be brought to the merchants' doors

The production of guns has been increased at an astonishing rate. In March last the number turned out was 800 per month. The product for achinery having been much increased, it is ex seted that nearly 10,000 onns will be made the works run day and mgut. Last spring ther were in the arsenal 290,000 n;nskets, all beres. These were speedily distributed, and now it is considered remarkable if a the accumulate without an order. - Chicago Tribuna
